

show_config_ospfv2.show
_router_ospf_area_config

```
graph LR; A[show_config_ospfv2.show  
_router_ospf_area_config] --> B[show_config_ospfv2.show  
_router_ospf_area_addr  
_range_config]
```

The diagram consists of two rectangular boxes connected by a blue arrow pointing from left to right. The left box is white with a black border and contains the text 'show_config_ospfv2.show' followed by '_router_ospf_area_config' on the next line. The right box is gray with a black border and contains the text 'show_config_ospfv2.show' followed by '_router_ospf_area_addr' and '_range_config' on the next two lines.
