

sonic_cli_stp.del_stp
_vlan_subcmds

sonic_cli_stp.set_stp
_vlan_subcmds

sonic_cli_stp.patch
_stp_vlan_bridge_priority

```
graph LR; A[sonic_cli_stp.del_stp_vlan_subcmds] --> C[sonic_cli_stp.patch_stp_vlan_bridge_priority]; B[sonic_cli_stp.set_stp_vlan_subcmds] --> C;
```

The diagram illustrates a mapping or transformation process. On the left, there are two white rectangular boxes with black borders. The top box contains the text 'sonic_cli_stp.del_stp_vlan_subcmds' and the bottom box contains 'sonic_cli_stp.set_stp_vlan_subcmds'. On the right, there is a single gray rectangular box with a black border containing the text 'sonic_cli_stp.patch_stp_vlan_bridge_priority'. Two blue arrows originate from the right side of the left boxes and point towards the left side of the gray box, indicating that both source commands are mapped to the target command.
