

sonic_cli_stp.del_stp
_vlan_subcmds

sonic_cli_stp.set_stp
_vlan_subcmds

sonic_cli_stp.patch
_stp_vlan_hello_time

```
graph LR; A[sonic_cli_stp.del_stp_vlan_subcmds] --> C[sonic_cli_stp.patch_stp_vlan_hello_time]; B[sonic_cli_stp.set_stp_vlan_subcmds] --> C;
```

The diagram illustrates a mapping or transformation process. On the left, there are two white rectangular boxes with black borders. The top box contains the text 'sonic_cli_stp.del_stp_vlan_subcmds' and the bottom box contains 'sonic_cli_stp.set_stp_vlan_subcmds'. On the right, there is a single gray rectangular box with a black border containing the text 'sonic_cli_stp.patch_stp_vlan_hello_time'. Two blue arrows originate from the right side of the two white boxes and point towards the left side of the gray box, indicating that both 'del_stp' and 'set_stp' subcommands are mapped to the 'patch' operation.
