

```
show_config_interface.show  
_ipv6_lo_ip_address
```

```
graph LR; A["show_config_interface.show  
_ipv6_lo_ip_address"] --> B["show_config_interface.show  
_ip_address"]
```

A diagram illustrating a transformation or mapping. On the left, a gray rectangular box contains the text `show_config_interface.show_ipv6_lo_ip_address`. A blue arrow points from this box to a white rectangular box on the right. The white box contains the text `show_config_interface.show_ip_address`. This represents a generalization or abstraction of the specific IPv6 loopback address into a more general IP address.

```
show_config_interface.show  
_ip_address
```
