

sonic\_cli\_if\_range.getId

```
graph LR; A[sonic_cli_if_range.getId] --> B[sonic_intf_utils.name_to_int_val]
```

A diagram showing a function call. On the left, a gray rectangular box contains the text 'sonic\_cli\_if\_range.getId'. A blue arrow points from the right side of this box to the left side of a white rectangular box on the right. The white box contains the text 'sonic\_intf\_utils.name\_to\_int\_val'.

sonic\_intf\_utils.name  
\_to\_int\_val
